Permit for Industrial Sewer User

X006714
Transmittal Number

134103
Facility ID# (if known)

PERMIT NO. X006714

ATTACHMENT A

SPECIAL CONDITIONS

1. Westfield Electroplating Company, Inc., located at 68 North Elm Street, Westfield, Massachusetts, (the “permittee”) is authorized to discharge pretreated industrial wastewater to the City of Westfield sewer system.
2. This Permit expires five (5) years from the date of issuance. The permittee shall apply for a renewal of this Permit at least 90 days prior to the expiration date in accordance with 314 CMR 7.09 (3)(b).
3. This Permit is subject to obtaining approval of any other applicable federal, state or local authority that may have jurisdiction.
4. Industrial wastewater discharged from the site shall be in compliance with the EPA General Pretreatment Regulations for Existing and New Sources of Pollution (40 CFR 403) and the Electroplating (40 CFR 413) Categorical Pretreatment Standards, the City of Westfield’s Sewer Use Ordinance and Industrial Pretreatment Program (“IPP”), any industrial discharge permit issued by the City of Westfield, and the local effluent limitations established therein. The most stringent limitations shall prevail.
5. The permittee shall conduct all sampling and monitoring in accordance with 40 CFR 136.
6. The permittee shall submit an up to date piping and instrumentation diagram (“PID”) of its industrial wastewater pretreatment system (“IWPS”) to the Massachusetts Board of Certification of Wastewater Treatment Plant Operators (the “Board”) within thirty (30) days from the effective date of this permit.
7. The permittee shall staff its IWPS in accordance with the grade designated by the Board and the staffing requirements contained in 314 CMR 7.05(2)(g)5.
8. Concentrated chemicals and hazardous materials/wastes are prohibited from being discharged to the sewer.
9. No person owning, maintaining or using a sewer connection shall discharge or allow the discharge of wastewater through such connection which would result in a hazard to the public health or safety or a violation of the provisions of 314 CMR 7.00 or 12.00.
